

## Head teacher's Message

This week has been a very busy one in school and all of the children have been very engaged and inspired by learning. On Tuesday, we had a visit from Cornish Plastic Coalition. They did a whole school assembly and then each class had a workshop that explained the issues

we are facing with plastic pollution in our local area. Longships have continued their learning on it throughout the week and are combining it with their computing project which we are hoping to be able to share with you. The volunteers commented on how thoughtful and considerate our pupils were – well done everybody! We will be including

beach cleans as a regular part of our Beach School sessions when they start, and will be fundraising for the charity in our summer market this year.

On Wednesday Mrs Tindall took 15 children to Cornwall Pirates for a rugby festival. We have not done rugby yet in our PE sessions but the children were given a coach from the team and they played their socks off and supported each other along the way. Apparently we have some naturals! Mrs Tindall came back bursting with pride for her class, well done Cowloe! You can vote for the team to win by liking our picture on our Facebook page.

On Thursday Brisons class visited Trewidden Garden as part of their garden topic. They had such a fun time and loved looking at all the different species of plants and trees there.

Next week we move into our last week of term, we have our 'The Kiss that missed' show to look forward to on Thursday, fingers crossed for some sunshine! We are just finishing the topic planners for next term and will be sharing them with you over the holidays. We will be adding dates to our calendar for next term so keep an eye on the dates section each week.

## Contact information

## Important dates:

- 7.4.22—whole school show—The Kiss That Missed
- 8.4.22—End of term 4—1.30 finish
- 25.4.22—First day back
- 28.4.22—Longships camp meeting @ 3.30
- 20.4.22—Beach school starts

### Ukraine assembly

Thank you so much to those of you who responded to the survey about an assembly to explain the conflict in Ukraine. Following the responses, I have decided to do an assembly on Wednesday of next week. If you would prefer for your child not to attend the assembly, please email either myself or [secretary@sennen.cornwall.sch.uk](mailto:secretary@sennen.cornwall.sch.uk) so that we can make sure we make alternative arrangements. The plan is that children who don't attend will have an assembly about Autism Awareness week instead, which is something we will be introducing on Monday.

### We need your bottle tops!

We are hoping to begin a whole school project early on in the summer term. This will be inspired by our workshops on plastics pollution on 29th March. It will involve different aspects of creativity and we are hoping to produce some long lasting pieces that we can display around the school. In preparation for this project, could you please start collecting plastic bottle tops (any kind and colour). There will be a collection tub in the entrance hall for them. We will let you know more about the project once the workshops have taken place.

### PE for next week

Wednesday—Swimming for Aire

Thurs—PE for Brisons, Longships & Cowloe

### Clubs (3.15—4.15):

Tuesday—Running Club KS2 (until 4pm)

Thursday—High five netball KS2, Football KS2

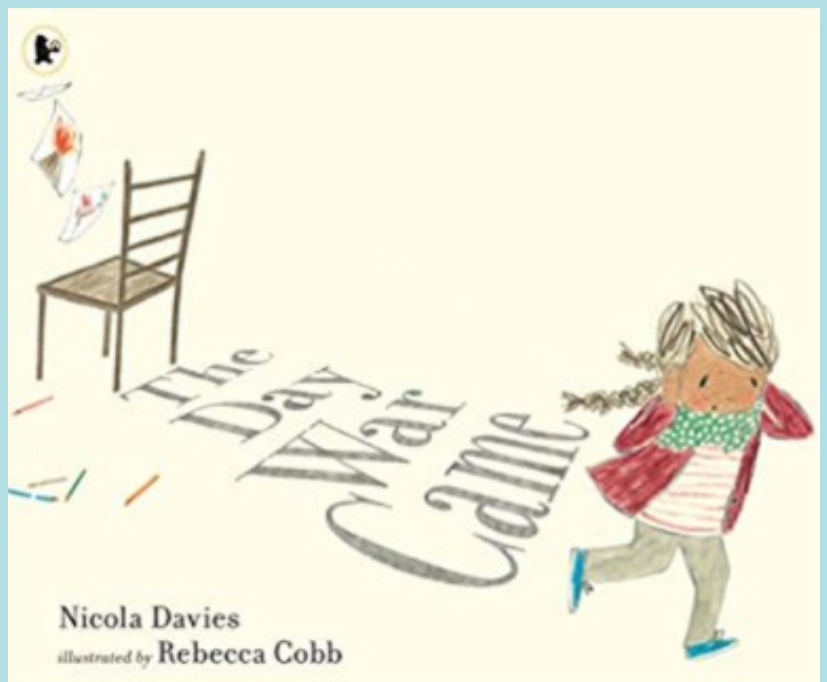

### Recommended read

For those looking for a good book to read their child when talking about the challenges of war, this week's recommended read is a great choice.

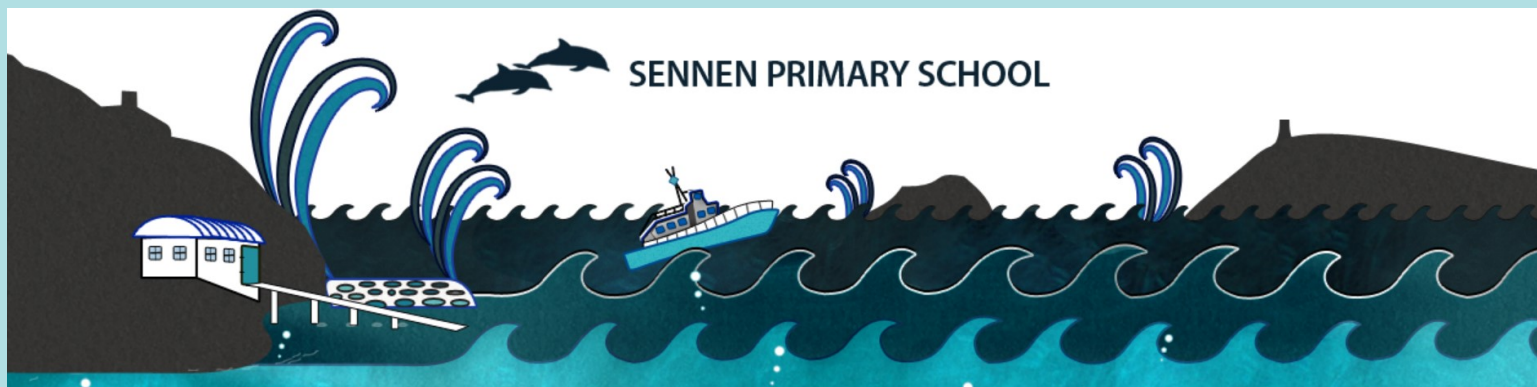

The blurb on the back states:

Imagine if, on an ordinary day, war came. Imagine it turned your town to rubble. Imagine going on a long and difficult journey – all alone. Imagine finding no welcome at the end of it. Then imagine a child who gives you something small but very, very precious...

When the government refused to allow 3000 child refugees to enter this country in 2016, Nicola Davies was so angry she wrote a poem. It started a campaign for which artists contributed drawings of chairs, symbolising a seat in a classroom, education, kindness, the hope of a future. The poem has become this book, movingly illustrated by Rebecca Cobb, which should prove a powerful aid for explaining the ongoing refugee crisis to younger readers.

### Aire class round up

This week the children have really enjoyed the wordless storybook *Bee and Me*; they have learnt about how bees make honey and their role on pollination. They have sowed bee bombs in Christopher's garden, they have eaten honey and described the taste of it, they have painted in the style of Jackson Pollock to show the colour that bees add to our world and they have used bubble wrap to create honeycomb prints. In Maths they have used the part part whole model to investigate ways of making numbers to 10. We have also celebrated two birthdays and have baked a cake for each one - the children are becoming so independent in these activities. Over the last two weeks, the children have also built a cold frame in which we have sowed lettuce, tomatoes, pumpkin, cress and peppers.

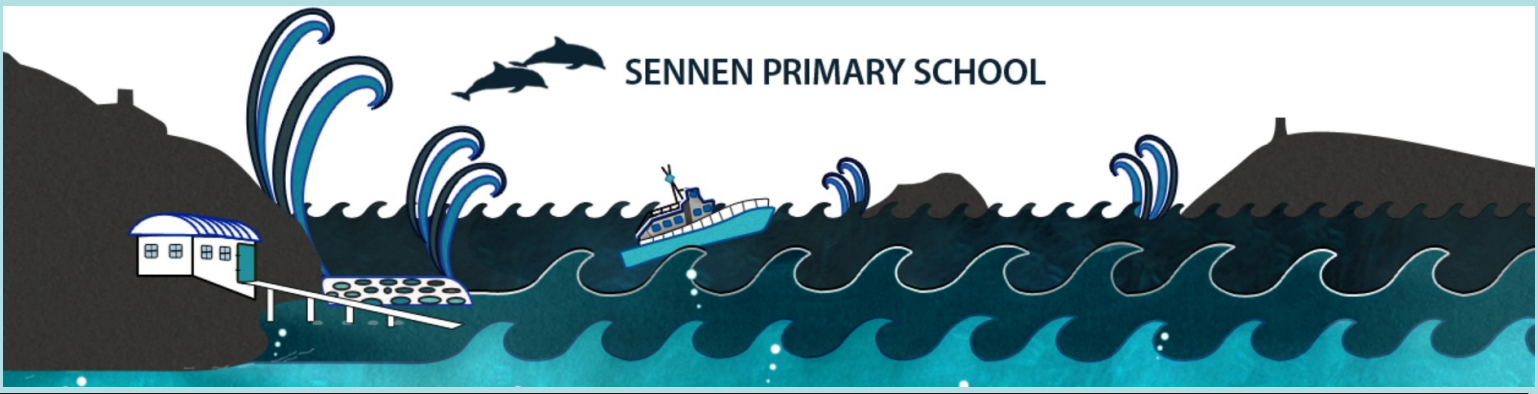

### Brisons class round up

This week has been a busy week for Brisons with doing some small assessments across both year groups. The children found some parts tricky, but we talked a lot about resilience and how we learn from our mistakes. We then got to go on a lovely trip to Trewidden Gardens which the children really enjoyed. They got to look at all the incredible types of flowers and trees which can grow in our local area. They were so well behaved throughout the trip and it was lovely to hear the other visitors comment on their behaviour and enthusiasm. The children have worked hard this week and I know they are all excited for the last week of term.

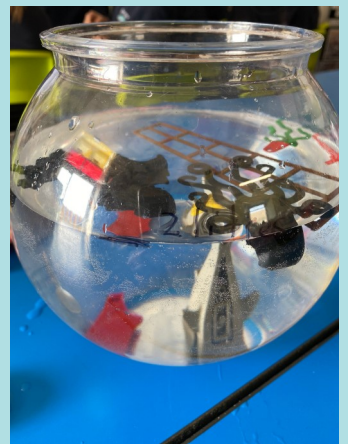

### Longships class round up

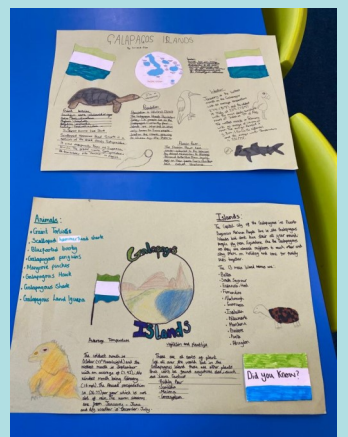

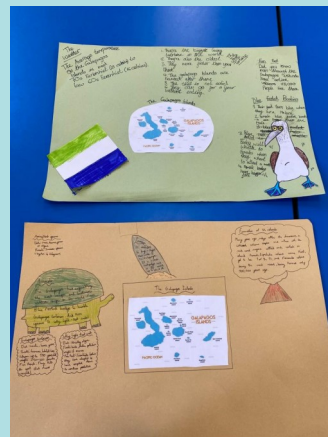

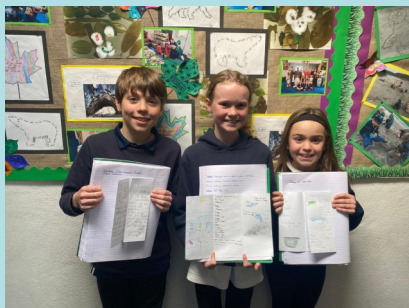

This week we were fortunate enough to have a visit from the fabulous Cornish Plastic Pollution Coalition who really inspired the children to want to make a difference. What great citizens they are! In response to this, we have begun planning stop frame animations in order to spread the environmental message to others. We can't wait to get going with the iPads next week!

We have also finished and redrafted our information texts about some of the marine species in our local waters which we found out about through our previous visitors, Connie & Andrew. The standard of writing was really incredible and the children were quite rightly so proud of themselves.

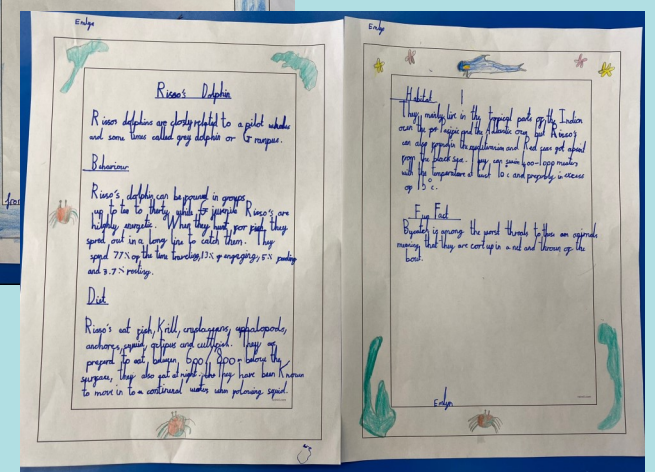

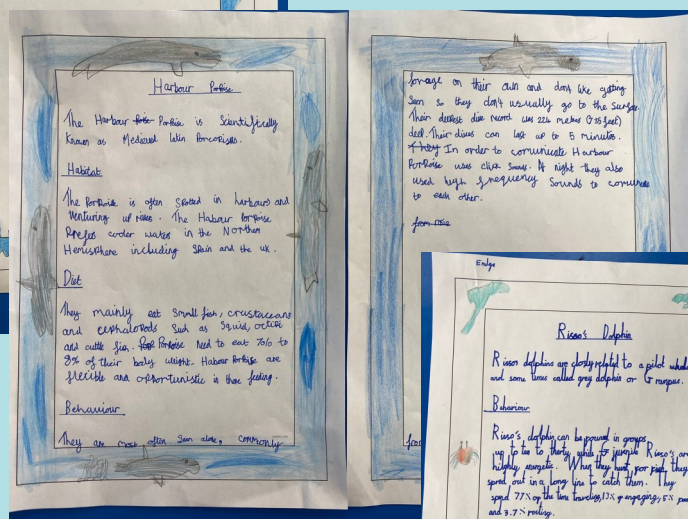

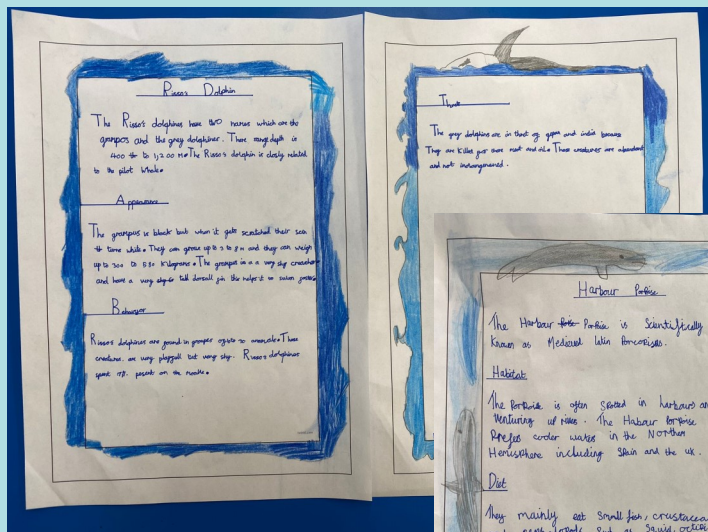

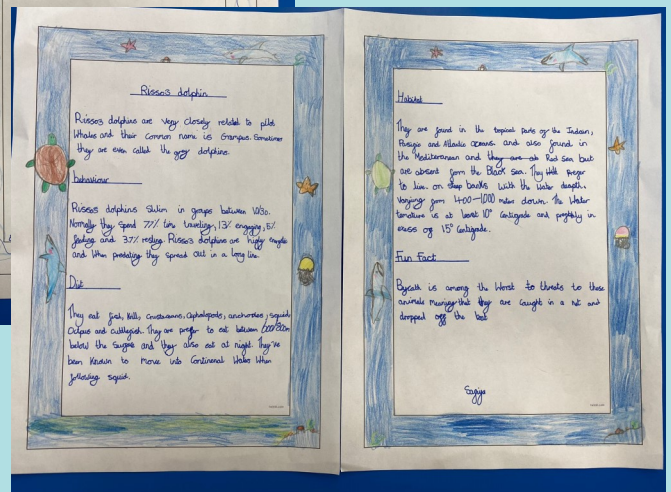

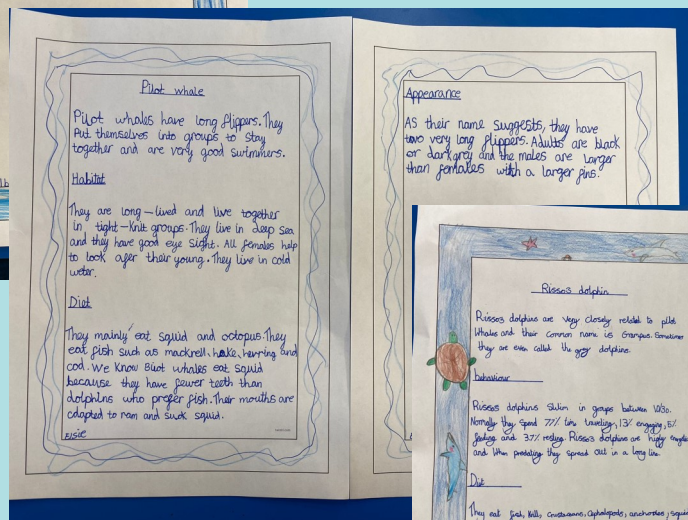

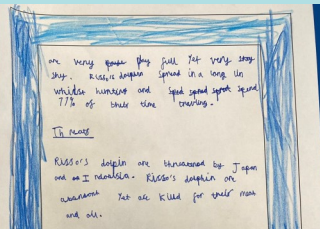

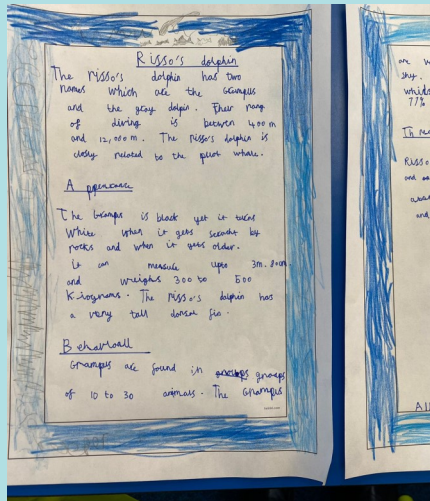

### Cowloe class round up

We have had such a busy week and I think we are all very tired! On Monday the children did their termly assessments and were so resilient and positive. Tuesday we had the visitors from Cornish Plastic Pollution Coalition where the children could see the damage plastic is having on our environment. In the afternoon we followed up with some thoughtful writing on ways we can try to reduce our use of plastic. Wednesday, 15 children went to a rugby festival with the Cornish Pirates and despite not knowing how to play they smashed it! I was so proud of them. We have ended the week by reading Darwin's Dragons and we will be writing some short pieces based on this next week. In Maths we have been continuing to look at percentages and next week we will be focusing on geometry. Have a great weekend!

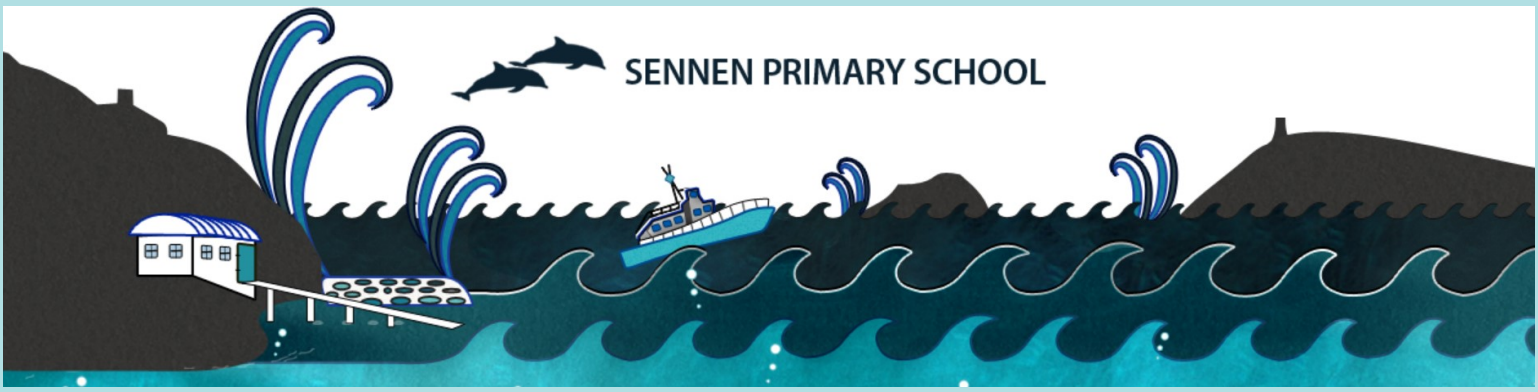

Take a look at this wonderful writing inspired by our plastics workshops!

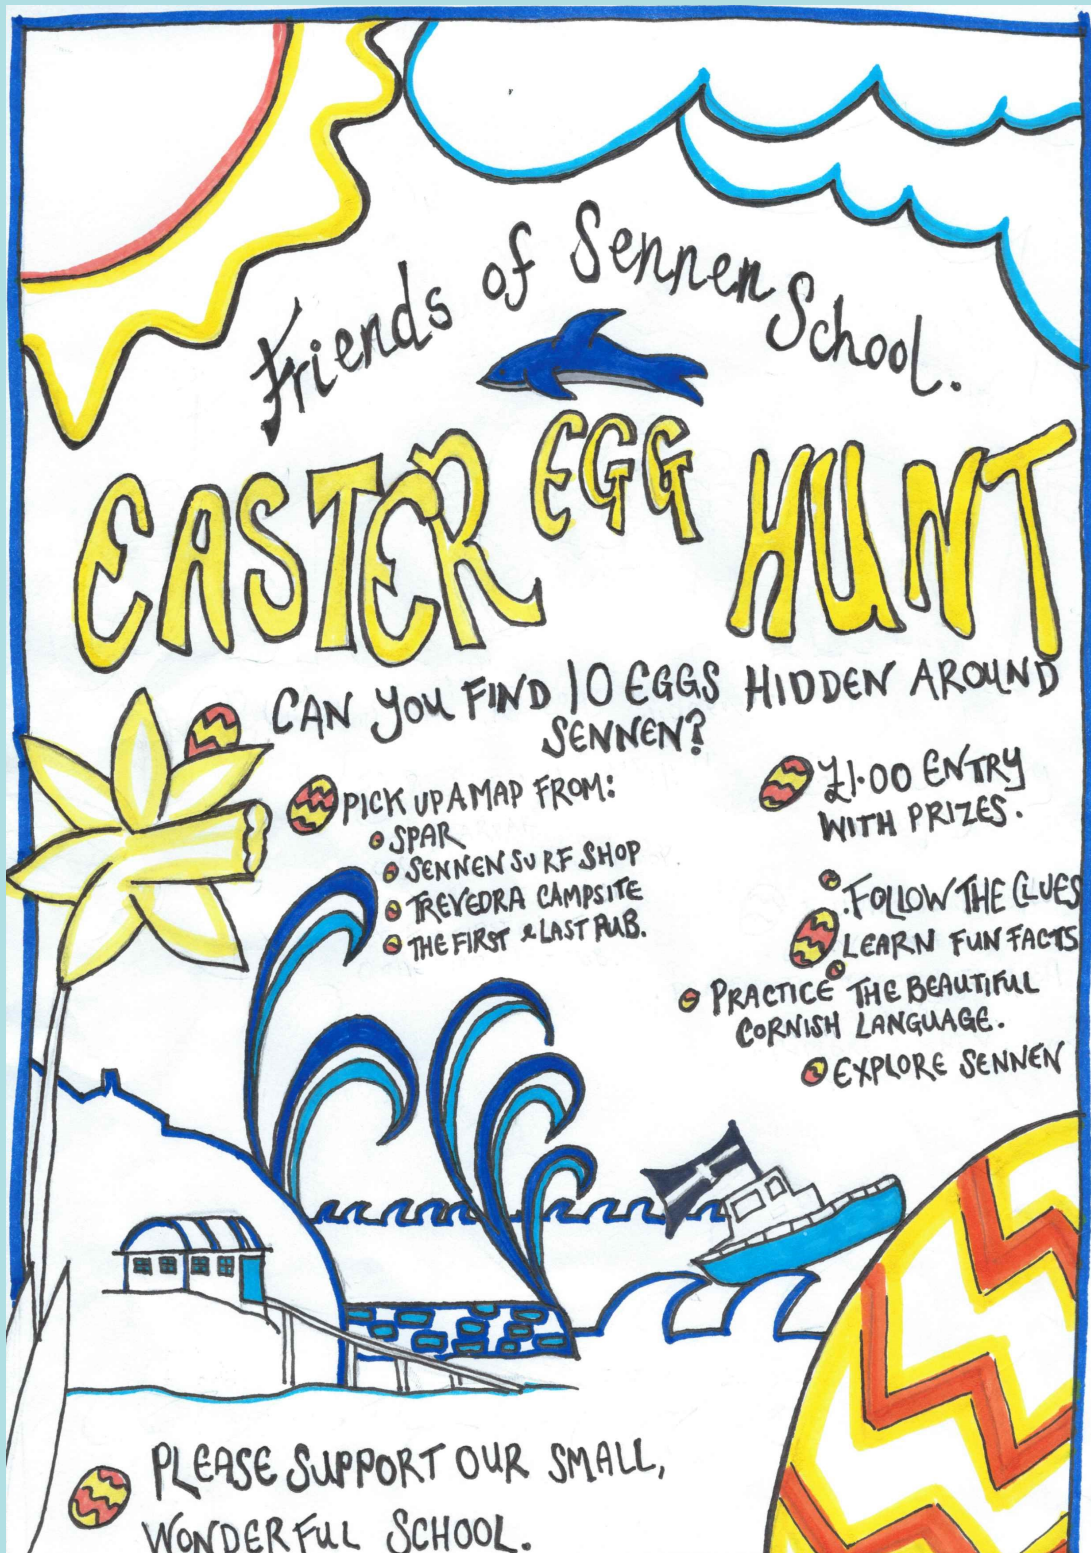

## SENNEN PRIMARY SCHOOL

### Easter trail

Our wonderful new FOSS team have been working hard to create an amazing Easter trail to raise some much needed funds for the school playground. The children have been busily painting the eggs ready to use and it is set to be a great event. Please promote this as much as possible, it is open to all, not just our school children. **The trail will begin on 6th April**

## Lunch Menu

Children will be asked what they would like each day by their teacher. Children in year R—2 get infant free school meals and it is £2.34 for the rest of the school, other than for those pupils who have been awarded income based free school meals.

WEEK 2				
W/C: 06/09 27/09 18/10 08/11 29/11 10/01 31/01 14/03 04/04
